

HILLWOOD FOOTNOTES
NEWSLETTER
August 2014

With the Sunday newspaper ads announcing all the back to school shopping sales, it reminds me, we are just a few short weeks away from the start of our 2014 Fall soccer season. I am reminded to share a few “golden” rules that go along with Hillwood soccer.

- 1) No dogs allowed at school or park’s fields, please leave Fido at home. While I personally luv dogs, we have 3 of them, it is best to be safe and keep dogs off of the pitch, both on game day and practices
- 2) Hillwood soccer of for fun! Our program has been successfully up and running providing REC soccer for kids of all ages since 1968! The key to our success is having wonderfully supportive/positive parents and coaches on our side lines. Cheering on the positives goes a long way in helping developing a wonderfully happy/successful youth soccer player. And lastly:
- 3) Pack in and pack out. Basically, if you see trash on the field, please help us keep our collective costs down by picking up after our Club, both the environment and fellow citizens of the City of Shoreline thank you!

Also, a huge thanks in advanced goes out to our Club volunteers, from Registrars, to managers and coaches, and our entire behind the scenes Club Board members, without their help we wouldn't be half as successful as we are today without their countless hours of work!

Lastly, please check us out at our newly refreshed website at www.hillwoodsoccer.com and tell us what you think about it!
